The Villas at Disneyland Hotel Reveal First Look at Guest Rooms

Get ready to experience the magic of Disney storytelling like never before at The Villas at Disneyland® Hotel, opening at the Disneyland Resort this September.

The Villas at Disneyland Hotel will blend timeless Walt Disney Animation Studios classics with contemporary designs, delicately curating a celebration of Disney history in the place where it all started—the Disneyland Resort. This will be the fourth tower at the Disneyland Hotel, located just steps from the Downtown Disney District.

From the moment Guests catch a glimpse of the 12-story tower's colorful façade, every space will immerse them in discovering the creative storytelling process, bringing some of their favorite Disney stories to life like never before in a variety of themed accommodations.

Guests can discover the “bare necessities” alongside Baloo and Mowgli in a newly imagined duo studio inspired by “The Jungle Book.”

The dreamy deluxe studios sleep up to four guests and are themed to the tales of “Sleeping Beauty” or “The Princess and the Frog.”

If they're looking for more space, families can spread out in a one- and two-bedroom villa, sleeping up to five and nine guests, respectively. Check out these gorgeous rooms inspired by the vibrant colors of “Fantasia” or “The Princess and the Frog.”

These villas include a washer and dryer, comfortable living area, plus a full-size kitchen equipped with all the cookware Guests need to bring the flavors of Tiana's cooking right into your own space!

Guests can fill their vacation with even more enchantment in a multilevel three-bedroom Grand Villa. Sleeping up to 12 guests, the magic and artistry of Disney is sprinkled throughout every space.

The first floor features a full-size kitchen, large dining area, and a double-sided fireplace connecting the living area to a private outdoor balcony. The first floor is also home to the primary suite, inspired by "Bambi."

And after they've explored the countless Disney stories on the first floor of the Grand Villa, Guests can venture up a spiral staircase to discover the delightful details of the second floor, which features two bedrooms with en-suite bathrooms inspired by "Frozen" and "Moana," as well as a full washer and dryer.
